

Exterior Box Nails

The Stainless Steel Exterior Box Nail is a common nail for exterior weather surfaces like siding and trim. It features a checkered head that accepts surface finishes. It is available in 316 or 304 Stainless Steel.

Features

- Checker pattern on heads blends with wood grain, reduces glare from sunlight and accepts surface finishes
- Annular ring shank increases withdrawal resistance to provide a secure attachment
- Stainless-steel nails are recommended for construction of permanent wood foundations by the ANSI/AF&PA Permanent Wood Foundations Design Specifications
- Choose Type 316 stainless steel for seaside applications and superior corrosion resistance
